# RONNY WIBOWO

**Chief Technology Officer | Technology & Digital Transformation Leader | IT Infrastructure, Automation & AI**

Sidoarjo, East Java, Indonesia | +62 815 5311 6892 | ronnywibowo@gmail.com | linkedin.com/in/ronny-wibowo-lie-12190a3

## EXECUTIVE SUMMARY

Technology executive with 20+ years of progressive leadership across IT infrastructure, network engineering, cybersecurity, and enterprise operations, including 9+ years operating at General Manager / C-level scope. Proven record of directing multi-functional organizations spanning Engineering, Sales, CRM, Finance, and HR while owning full P&L accountability. Distinguished by hands-on expertise in AI-driven workflow automation (n8n), API orchestration, and data-driven business intelligence — translating emerging technology into measurable operational efficiency. Led ISO 27001 information security implementation and audit for a technology services organization. Seeking to bring this blend of technical depth and business leadership to a Chief Technology Officer role, driving digital transformation and technology strategy for the company.

## CORE LEADERSHIP COMPETENCIES

| | |
|---|---|
| • Technology Strategy & Digital Transformation | • AI & Intelligent Workflow Automation (n8n, API Orchestration) |
| • IT Infrastructure & Data Center Management | • Cybersecurity & ISO 27001 Compliance / Audit |
| • P&L Ownership & Budget Management | • Cross-Functional Leadership (Engineering, Sales, CRM, Finance, HR) |
| • Business Intelligence & Data Analytics | • Talent Development, Recruitment & Mentoring |
| • Vendor, Contract & Stakeholder Negotiation | • Network Engineering (Fiber, Wireless, VPN, Security) |

## PROFESSIONAL EXPERIENCE

**PT Wowrack Cepat Teknologi Nusantara** *2020 – Present*

***Head of Operations***

Direct end-to-end operations for the ISP business unit, holding full accountability for Field Engineering, Sales, CRM, Finance, and HR functions, with monthly and annual P&L ownership.

- Engineered and deployed an automated network-monitoring platform using n8n and LibreNMS to track radio signal quality (CCQ) and capacity, triggering real-time WhatsApp and email alerts and reducing incident response time.
- Built automated SLA reporting workflows for Backhaul and Radio Client tiers, eliminating manual data processing and improving reporting accuracy and turnaround.
- Pilot project in new business unit as *one-man-company* in “wownet.retail” (sales pipeline, social media marketing, field engineering – AI driven tasks)
- Own monthly and annual P&L analysis across the division, ensuring operational profitability and alignment to budget.

**PT Wowrack Indonesia** *2017 – 2019*

***General Manager & ISO 27001 Security Manager***

- Spearheaded ISO 27001 implementation and audit, establishing information security management practices across the organization.
- Raised organizational capability by coaching personnel on management principles and advanced technology systems.
- Negotiated high-value vendor and client contracts and managed budgets across multiple departments.

**PT Omadata Padma Indonesia** *2011 – 2014*

***Data Center Manager***

- Directed daily data center operations, sustaining 99.9% uptime against strict customer SLAs.
- Introduced continuous-improvement practices across network operations and facility infrastructure.

**PT Dutakom Wibawa Putra** *2003 – 2011*

***Network Engineer***

- Designed and implemented server infrastructure, VPN connectivity, and fiber/ethernet cabling within NOC environments.

**UBS Singapore** *2001 – 2003*

***UNIX System Administrator***

- Managed security logs and mitigated network threats for a global financial institution.

## TECHNICAL EXPERTISE

| | |
|---|---|
| **Automation & AI** | n8n, Google Apps Script, Google Appsheet, REST APIs, JSON, API Orchestration, Chatbot Automation |
| **Infrastructure & Networking** | MikroTik, Ubiquiti, LibreNMS, VPN, Fiber Optics, Radio Wireless, Data Center Operations |
| **Business & Compliance** | ISO 27001, P&L Analysis, CRM Management, Project Management |

## EDUCATION

**Bachelor of Electrical & Electronic Engineering (Computer Engineering)**

Petra Christian University, Surabaya
